21:31

This screenshot shows the Salesforce Setup interface for creating a new custom object. The page title is 'New Custom Object'. A message at the top indicates that permissions are disabled by default and provides links to tell me more or don't show this message again. The 'Custom Object Definition Edit' section has three buttons: Save, Save & New, and Cancel. The 'Custom Object Information' section asks for a singular label ('Candidate') and a plural label ('Candidates'). Both fields have examples: 'Account' for singular and 'Accounts' for plural. There is also a checkbox for 'Starts with vowel sound'. An error message 'Error: Invalid Data.' is displayed above the input fields, with a note to review all error messages. Below this, the 'Object Name' section shows 'candidate' in the input field, with an error message 'Error: That object name is already in use.' and an example 'Example: Account'. A large text area for 'Description' is present but empty. The bottom of the screen shows the Windows taskbar with various icons and the time '21:31'.

Type here to search

This screenshot shows the Salesforce Object Manager interface for creating a new custom field named 'semester'. The field is defined as a Text type with the internal name 'semesler_name'. The setup wizard is on Step 3 of 4, specifically 'Establish field-level security'. A table lists profiles and their access levels: Analytics Cloud Integration User, Analytics Cloud Security User, Contract Manager, and CrossOrg Data Proxy User are all granted both 'Visible' and 'Read-Only' permissions, indicated by checked checkboxes. The Custom: Marketing Profile is also listed but has no checkboxes checked. The browser address bar shows the URL for the Object Manager setup page.

The screenshot shows the 'Report Types' setup page in Salesforce. The left sidebar is collapsed, showing 'Analytics' and 'Reports & Dashboards' sections. The main area is titled 'Step 1. Define the Custom Report Type'. It has a 'Report Type Focus' section with a note about specifying the primary object. The 'Primary Object' dropdown is set to 'candidates'. Below it is an 'Identification' section with fields for 'Report Type Label' (set to 'candidate with candidate marks') and 'Report Type Name' (set to 'candidate_with_candidate_n'). A note below these fields says 'Note: Description will be visible to users who create reports.' The 'Description' field contains the value '12'. At the bottom of the identification section is a 'Store in Category' dropdown set to 'Other Reports'. The status bar at the bottom right shows the time as 22:07 and the date as 11-04-2023.

REDMI NOTE 9

Windows Taskbar icons: File Explorer, File Manager, Mail, Edge, File History, Photos, Camera, and others.

This screenshot shows the Salesforce Report Builder interface. The top navigation bar includes the Salesforce logo, 'Welcome to Salesforce: Verify yo', and the title 'Report Builder | Salesforce'. Below the navigation is a search bar and a toolbar with icons for back, forward, refresh, and various report actions like 'Add Chart', 'Save & Run', 'Save', 'Close', and 'Run'. The main workspace is titled 'candidate internal r...' and 'Reports'. On the left, there's a sidebar labeled 'Fields' with sections for 'Outline' (selected), 'Filters' (with a count of 2), 'Groups' (with 'GROUP ROWS' and 'Add group...'), and 'Columns' (with 'candidate name'). The central area displays a preview message: 'Previewing a limited number of records. Run the report to see everything.' It shows a single column header 'candidate name' with a dropdown arrow. Below this, it says 'No records returned. Try editing report filters:' followed by three bullet points: 'Show All candidates.', 'Set the Created Date filter to All Time.', and 'Edit other filters in the filter panel.' At the bottom right of the preview area is a small cursor icon. The bottom of the screen shows the Windows taskbar with various pinned icons and the date/time '22:09 ENG 11-04-2023'. The phone status bar at the very bottom indicates 'REDMI NOTE 9' and shows signal strength, battery level, and other standard mobile metrics.
